Description

To the summit of Mont Blanc - a unique ski touring experience

A major objective to mark the end of the ski touring season: the ascent of Mont Blanc!

From Chamonix, we'll head to the Grands Mulets refuge for our attempt to climb Mont Blanc via the North Ridge of the Dôme du Goûter. These 3 days dedicated to climbing Mont Blanc represent a great effort, as well as a fine blend of ski touring and mountaineering.

Dedicating three days to such an ascent allows you to reach the valley with peace of mind and **without any time pressure**, which is a real guarantee of safety. And beyond that, the assurance of a real communion with the mountain, and the joy of savouring a beautiful evening in the heart of a high mountain glacier world.

WILD YAK EXPEDITIONS offers you a unique experience in **the heart of the Mont Blanc massif**. Take some time for yourself and enjoy these privileged moments in the mountains.
